DETAILED ACTION

Reissue Applications

1. This office action is responsive to the amendment filed on 02/29/2008.
2. The oath submitted 02/29/2008 does not overcome the deficiencies noted in the previous oath. See the previous objection to the oath below:

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

A new oath is required. The oath or declaration must properly identify at least one 35 U.S.C. 251 error being relied upon as a basis for the reissue and that it is indeed an appropriate error for reissue (37 CFR 1.175(a)(1)). For example, "failure to include the following claims in the original patent..." is not an acceptable statement of an error. Any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error. A statement of "... failure to include a claim directed to ..." and then presenting a newly added claim, would not be considered a sufficient "error" statement since applicant has not pointed out what the other claims lacked that the newly added claim has, or vice versa. Such a statement would be no better than saying in the reissue oath or declaration that "this application is being filed to correct errors in the patent which may be noted from the change made by adding new claim." In both cases, the error has not been identified.

3. The amendment to claims 1, 24 and 32 with regards to the certification of correction are not proper. The terms "[first [second]]" should be deleted in lines 8-10 of

Art Unit: 2821

claim 1, lines 6 and 7 of claim 24 and claim 32. The claims should read --first and third antenna groups...--.

4. Claim 22 (filed on 12/09/2003) should be rewritten to include the certification of correction without brackets or underlining.

5. Claims 1-56 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.
